The Round Table of Bretonnia is now connected to "The Tavern of Endanal", a multi-site international Warhammer chat! Members from all around the Warhammer World are participating, such as druchii.net asur.org. So be polite, respect the rules there, and be a worthy representative of the Round Table of Bretonnia! Use the new link "Chat" in the Navigation Menu, or the link here to enter the chat.

The chat can also be accessed with any regular IRC-Client, details are on the Chat-page.
