

Books, Movies and Music at the Round Table

Saturday, 06 May 2006

Last Updated Saturday, 06 May 2006

Another new addition finally found it's way to the Round Table of Bretonnia! We are now able to recommend books, movies or music of interest to all Generals of Bretonnia!

At our Recommendations page you already find a small collection, mainly transferred from the old site "Earl Cadfael's". This collection will hopefully grow in the future - you can participate by discussing the recommended items directly, or submitting new books, music or movies which would be interesting to anyone else. To do so, just write a PM to an Admin with a review of the item you want to recommend.

The second feature of the Recommendations is that you can directly buy them from Amazon. By doing so, you support the web hosting of our site - so use the "direct buy" feature of our Recommendations as often as you like to. If you want to buy any other item from Amazon, just use the supplied Amazon search boxes, and we get a referral bonus from that too!
