The Warvault Mk II is online! After the crash, the whole project was completely redesigned and re-written. Check out all the new features, Angron and the team really did a great job!

From now on, you can also vote for us again, by using the Warvault banner here, or in the "Vote for us"-bar at the left.

Along with the rebirth, there will be a Q+A session with Gav Thorpe (GW) and Graham McNeill (Ex-GW)! Until mid-August each member can submit one question, which will then be answered in the session.

We'll collect the questions each in a separate Forum Thread. Be sure to include:

- System
- Army
- Class (Rules, Fluff, Modelling, Rumours)

Collected questions for Gav Thorpe

Collected questions for Graham McNeill
