

New chat channel

Wednesday, 04 October 2006

The Round Table of Bretonnia now connects to a new chat channel.#Albion is a new chatroom, designed to be completely Warhammer inter-site, instead of bein owned by one site. Right now there is at least asrai.org and us connecting to it, with more Warhammer sites coming soon.

So, use the possibility to talk to other Warhammer players online, and represent Bretonnia in Albion. Just use our Chat-page as an entry.
