Last Updated Wednesday, 10 December 2008

This Wednesday (10th of December) in the evening (about 19-20h GMT), the Round Table will be offline for maintenance for a short time. A new Gallery will be installed - you can check out the new features right after that. Of course, your existing images, comments and all will be preserved.

Update: The migration to the new Gallery is done - check the discussion below for details!
