A long time anticipated, a new 3D Computer-Strategy game has been announced (just today!) for Warhammer: "Mark of Chaos"!

The game will come out in 2006, but there are already some great Screenshots.

Unfortunately, there will be no playable Bretonnian army, only Empire, High Elves, Chaos and Skaven. Among the features are a campaign-system, some limited resource management and RPG-like experience for Champions and Heroes. Even sieges will be possible!
